(Kendall, Lardie, Niven, Russell)

I don't want the rap that yer layin'
Don't give me no abuse
I don't want no motormouth jivin'
Another lame excuse
I don't want my head to keep sayin'
Oh baby what's the use
I don't want no patter, no way
I want you

I don't want no mommasan preyin'
To strip me to the bone
I don't want no hustle today
Leave my vibe alone
I don't want to worry 'bout nothin'
There's nothin' I must own
I don't want to deal that way
I want you

I love lovin'
Oh yeah, lovin' is fine
Why no love
Why waste your time

Gotta give it someway
Can ya hold out alone
Ooo just a little lovin'
It's alright let it go

I don't want another dog makin'
Another big pretense
I don't wanna be brought down
On a capital offense
I don't want no pressure drop baby
Don't make it so intense
I don't want no promise, no way
I want you

It's only lovin' baby
Get it back down the road
Yes it comes back

Like a magic motherload

Make a lovin' man
Make him know it's alright
Ooo, that givin' love
Gonna get us thru the night

I don't want the song you keep playin'
All lovers are insane
I don't want my heart to be breakin'
I want you

I don't want the trouble of lovin'
And here it comes again
I don't want the game you like playin'
I want you
