

Great White "In The Light"

And if you feel that you can't go on
And your will's sinking low
Just believe and you can't go wrong
In the light you will find the road
You'll find the road

Hey, ooh, did you ever believe
That I could leave you standin' out in the cold
Hey, baby, I know how it feels
'Cause I have slipped through
To the very depths of my soul
Oh, baby, I just want to show you what I'd give you
In case you ever been on the road
Now, listen, oh, as I was and would do for you, too
Honey, as you would do for me
I would share your load, let me share load
Ooh, let me share you load

And if you feel that you can't go on

In th light you will find the road

Hey, oh the winds of change my blow around you
But that will always be so
Oh wo, when love is pain it can devour you
If you are ever alone
I'll share your load, I will share your load
Baby, let me, oh let me, in the light
Everybody needs a light, oh yeah, oh baby
Everybody, everybody, everybody sure 'nuff they do
Light, light, light, in the light (Repeat)
