Walking through the darkness
A lonely man searching for a soul
Look everywhere, no one around
Something in the distance
A memory reminds me of a time
Look everywhere, no one around

And I'm looking, reaching out again
I'm trying to find someone alive

Do you hear me? Is anybody there?
Do you hear me? Is anybody there?

Standing in the darkness
A troubled mind, talking to myself
So all alone, is it a dream
Sidewalk's cold and lonely
The shadows of the night begin to fade
Open my eyes, nobody's there

And I'm looking, reaching out again
Trying to find someone alive

Do you hear me? Is anybody there?
Do you hear me? Is anybody there?
Do you hear me? Is anybody there?
(Do you hear me calling?)
Do you hear me? Is anybody there
(Do you hear me call?)

And I'm looking, reaching out again
Still trying to find someone alive

Do you hear me? Is anybody there?
Do you hear me? Is anybody there?
Do you hear me? Is anybody there
(Do you hear me calling?)
Do you hear me? Is anybody there
(Do you hear me call?)

Do you hear me calling?
Do you hear me call?

(Do you hear?)
Do you hear me calling?
Do you hear me? Is anybody there
(Do you hear me call?)

Do you hear me calling?
Do you hear me? Is anybody there
(Do you hear me call?)
