Another lonely night
On the road to nowhere
I see you in the light
You just standing there

And when you sell your soul
I'll be coming around
I have my eyes on you, girl
So don't you shoot me down

I can see the fire burn in your eyes
We both know it's too late to turn back time

Will you love me, honey, when I'm gone
Will you miss, baby, right or wrong
And lay down just for tonight

The danger is so sweet
Stolen from your lips
And now I crave the touch
Of your fingertips

I can see the fire dance in your eyes
Let's go down in flames till the sunrise

Will you love me, honey, when I'm gone
Will you miss, baby, right or wrong
And lay down just for tonight

Will you love me, honey, when I'm gone
Will you miss, baby, right or wrong
And lay down just for tonight
Oh, just for tonight

Will you love me, honey, when I'm gone
Will you miss, baby, right or wrong
And lay down just for tonight

Will you love me, honey, right or wrong
Will you take it, honey, all night long
So lay down just for tonight

Will you love me?
Will you take me?
Lay down just for the night
Ah, just for tonight
Oh, just for tonight
So lay down just for tonight
Oh, just for tonight
Oh, just for tonight
Come on, honey, take it
