Late in the night, hear a knock at my door
Got to keep it tight, 'cause you're back for more
Tell me you can't sleep, that you don't feel right
So lay with me, till the morning light

I will take you by the hand
We will find the warmer land
As I come into your soul
You're going to lose control, oh, yeah

You can't stop the train of love
Honey, let me take you for a ride
(Welcome to the love train)
Don't deny the train of love
All I want to do is satisfy

So when the moon is right, and the goddess calls
You got to climb on board, just to get back home
It's time to leave the station, got to take this for a ride
You going to feel all the motion, way deep inside,
honey, child

You can't stop the train of love
Honey, let me take you for a ride
(Welcome to the love train)
Don't deny the train of love
All I want to do is satisfy

Come on

Hmm, time to go now
Hmm, so hold on tight
Hold on, let's take a ride

You can't stop the train of love
Honey, let me take you for a ride
(Welcome to the love train)
Don't deny the train of love
All I want to do is satisfy, yeah

You can't stop the train of love

Honey, let me take you for a ride
(Welcome to the love train)
Don't deny the train of love
All I want to do is satisfy

All I want to do
All I want to do
All I want to do is satisfy, yeah, yeah
