Lit a candle and I set it on the wall
Let the wax like teardrops fall
Then I wonder why I used to dream on, baby
Dream that we could have it all

I see now love for you was what you had to do
Change your mind like you change your dress
I thought I knew you every way
I saw the child, the woman plain as day

Well I thought I knew myself
And now I come to find
Love is blind and Iâ€™m the loving kind

Bought a diamond and I set it on your hand
Itâ€™s a â€¦â€¦â€¦ to the band
And I hear them say youâ€™ve been a bad girl, baby
You donâ€™t seem to understand

Just for the social whirl you play the party girl
Now you drink your wine, and oh baby, time to forget
I thought I knew you every way, oh
I saw the child, the woman as plain as day

And I thought I knew myself
But now I come to find
Love is blind, Iâ€™m the loving kind

You made a game of love
What were you thinking of
It takes a heartbeat, baby
To say goodbye

I thought I knew you every way
I saw the child, the woman as plain as day, yeah, yeah,
yeah
Oh, and I thought I knew myself
But now I come to find
Love is blind and Iâ€™m the loving kind

Well I thought I knew you every way
I saw the child, the woman as plain as day

Yeah, yeah, and I thought I knew myself
But now I come to find
Love is blind, IÂ'm the loving kind
