

Great White "No Way"

Visit "[No Way](#)" on MotoLyrics.com

I get up in the morning, just to work all day.
I never had no vacation, and what's a holiday?
I'm tired of workin' 9 to 5. Sombody give me a break.
Caught up in this rat race, I've got no time to waste.

I want out (you can't make it)
I want out (no way)
I want out (so don't mistake it)
It's all that you've got and your not gonna leave it, no
way.

There's no way.

Maybe I'll buy me a new car.

Maybe I'll hop on a plane.
Get off in some foreign station,
Somewhere that don't look the same.

You're stuck in a rut. No, no, you can't give it up.
There's no way.
