All right yeah

Sippin' down shoutin' 'bout, yeah
We used to shake it out
Those days, now I remember
When anything was all right

Someone had my video
Blastin' through the radio
Neighbors screamin' out
"What the hell is going on here"

We were already gone
With a whole lot to go
When the police showed
I told 'em kiss my ass

So young, livin' to die
And I was on my own
Two wrongs making a right
I was rollin' stoned

Rich is building houses
Gary's doing hard time
Jamie's in the desert
And Brently bought a gun

I saw an old photograph
All that I could do was laugh
And scratch my head in wonder
Where did all the days go?

We were already gone
With nowhere to go, oh no
I was singing my songs
With a heart and soul

So young, I was livin' to die
I was rollin' stoned
Two wrongs making a right
I was rollin' stoned, yeah

It's a wonder I'm alive
Can't believe I ever made it through that ride
Rockin' all over the night
I was rollin' stoned, yeah yeah

So young, livin' to die
I was rollin' stoned
Two wrongs making a right
I was rollin' stoned, yeah

Damn good to be alive
Wonder how I ever managed to survive
Rockin' all over the night, I was rollin' stoned
Stoned, stoned, stoned, yeah

Sippin' down, shoutin' 'bout
Yeah we used to shake it out

Rich is building houses
Gary's doing hard time
Brently bought a gun
Where did all the days go

Rollin' stoned
I was a rollin' stoned
