

Great White "Run Away"

Surrounded by a thousand eyes
The strangers in the night
A city full of broken hearts
Burning like white light

The streets are filled of promises
You never get to keep
The streets are full of dreamers
Walking in their sleep

You come to me for easy lovin'
Starlight in your eyes
Don't you know it's all or nothin'
Leave before you cry

Run, run away
Run, run away

You never liked what daddy said
He never understands
The heartaches of a little girl
Who needs a magic man

Young hearts chasing images
Along the boulevards
Young hearts lose their innocence
Reaching after stars

You come to me for easy lovin'
Starlight in your eyes
Don't you know it's all or nothin'
Leave before you cry

Yeah
Run, run away
Run, run away

Run away
(Run, run away)
Better run away
(Run, run away)
Better run away

(Run, run away)

Run away, run away

Run away, run away
