(Kendall, Russell, Niven, Lardie)

So many years to go by
So many tears can fill your eyes
So many fears to lock behind the door

So you drift away
And yet another day
Day goes by
Empty as before

I'll be there
Come the mornin' light
Waitin' there
I'll wait for you

She only needs someone
She only needs some time
She only needs someone
To stay this time
She's waiting for love to come
She waits there on her own
Shes waitin' for someone
To get it right this time

So many days drift by
Oh, there's too many ways slowly die
How may shadows fade across the wall

Baby, soon the day will come
You may find someone
Only now
Lonely evermore

She's still there
Come the morning light
She's waiting here
She waits for you

She only needs someone
She only needs some time
She only needs someone

To stay, stay this time
She's waiting for love to come
She waits there on her own
Shes waitin' for someone
To get it right this time
