Look in my eyes
My pupils are shot, I'm runnin' fever
Taken to drink
And whatever you've got, I can't believe it

Masquerade ace in Hollywood hair
You've got my brains fried
Watchin' you move, having you near
I just can't breathe right

But, oh, why should I have a reason?
Why hide it, can't fight it
No longer got control

Ooh, yeah, she shakes me
Can't take it no more
She shakes me

Built to ride, a cruiser that glides
She's just a woman
The look in her eye, the sound of a sigh
She loves a warm gun

But, oh, why should she have a reason?
Why hide it, can't fight it
No longer got control

Ooh, yeah, she shakes me
Can't take it no more
She shakes me, yeah

She's mine and she really gets me off
So fine and she really gets me off

She shakes me
Can't take it no more
She shakes me

But, oh, we don't need no reason
Why hide it, can't fight it
No longer got control she shakes me

Ooh, yeah, she shakes me
Can't take it no more
She shakes me

S-s-shakes me
