

Great White "Sister Mary"

Visit "[Sister Mary](#)" on MotoLyrics.com

Let the world be still tonight
Let the fire be the only light
Draw the curtain, pull down the shade
In easy arms, we'll lay

So come on lady, now close your eyes
Let the madness pass on by
Loosen up your golden hair
Stroke away my every care

There's no comfort in strangers
That I can't find right here

Layin' down in the arms of Sister Mary
Will her lovin' ever last?
Layin' down in the arms of Mother Mary
Let the world drift past

For a moment, a perfect love
Pure and silent, like a star above
Never mind 'bout tomorrow's fears
Peace of mind is here

Outside's a world of strangeness
So I will stay right here

Layin' down in the arms of Sister Mary
Will her lovin' ever last?
Layin' down in the arms of Mother Mary
Nothin' more to ask

Let her lovin' come to you
Let her lovin' come to you
Oh, her love will come to you
And bring you home, yeah

Alright, alright

Outside's a world of strangers
So I will stay right here

Layin' down in the arms of Sister Mary

Will her lovin' ever last?
Layin' down in the arms of Mother Mary
Nothin' more to ask

Layin' down in the arms of Sister Mary
Will her lovin' ever last?
Layin' down in the arms of Mother Mary
Let the world drift past
Let the world drift past
