(Kendall, Lardie, Niven, Russell)

Brown skinned woman's been trading rough  
Scars across her thigh  
Tell me little honey  
Ain't you afraid to die

All night long I give it up  
I give it to her good  
She likes to be a servant  
To the kings of Hollywood

Her fascination  
Ride the wild side  
She's so bad  
Wild soul

Your explanation  
Isn't gonna change my mind  
Try to understand the things that you do  
But this game is nearly outta time

You think that this is lovin'  
But baby you're just runnin'  
Always up to somethin'  
Girl you got it comin'  
Tell you what I'm gonna do  
I'm gonna step on you

Hey, hey, hey  
Now here it goes  
Right between the eyes  
Let this be a lesson  
A caution to the wise

Shake, shake, shake  
Yeah shake that thing  
The devil he don't know  
He's about to get a woman  
Who'll make his bones feel old

Sweetest temptation

Oh yeah your wild side  
So bad  
Wild soul

A moment's hesitation  
Is a waste of time  
You gotta head rush baby  
From all the ties that bind

Baby this ain't lovin'  
Nowhere left for runnin'  
Ain't no more discussin'  
Can ya see it comin'  
Tell ya what I'm gonna do  
I'm gonna step on you
