Every day I wake to find  
Empty arms, shuttered blinds  
No-one holding to my side  
Laying in my lonely bed  
Confused about the things we said  
Nothing's straight in my mind

Can't stand waiting, anticipating  
Being here without you  
Waiting for love  
I'm waiting for love

A prisoner in an ivory tower  
Stranded in my darkest hour  
All the broken bridge of sighs  
If it's true then love has lied  
If it's true my heart will cry  
No-one else can make it right

Can't stand waiting, anticipating  
Being here without you

If only I could see you  
My heart will always need you  
Here I stand, heart in hand for you  
Waiting for love, waiting for love  
Waiting for love, I'm just waiting for your love

Can't stand waiting, anticipating  
Here I stand, heart in hand  
Waiting on you

I'm just waiting for your love  
Well I'm waiting for your love  
Waiting for your love  
Now I'm waiting  
I need it, I need it  
Waiting for love  
Oh your love  
Now give it, give me your love  
Waiting, waiting for your love
