Russell/Lardie

Hard to believe that it's over  
Oh no here comes another empty day  
I Still see the leaves of October  
A winter of Heartache on way

And looking back  
seems like yesterday  
My world was so bright  
with the light of your love shinin through

[chorus]

(Was it)  
Was it the night  
Was it something in her eyes  
Got me to thinkin  
thinkin bout you  
Always the same  
And you know whos to the blame  
Thought I was over  
Over this pain

No conversation over dinner  
Too much room  
Oh so cold inside my bed  
Froze in a long, long, lonely winter  
With no change of seasons up ahead

Thought I was over you  
And there you are on every street every boulevard  
Anyway I turn leads me to you

[chorus]

And that life was such a long time ago  
But I got these blues once again  
I cover my eyes so the pain doesn't show  
Looks like ill never  
Never let you go- yeah  
(chorus x2)

Thought I was over  
Over this pain  
Ooo yeah  
Ohhoo yeah  
Was it the night?
