Chorus:

The blood, only through the blood can sins be washed  
away, restoring us to god

The blood, through the blood alone can we approach  
the throne

Not by works we've done, it's only, only through the  
blood (of jesus it washes white as snow)

The angel of death was passing through the jewish  
town

Above the door of family was the blood of a lamb  
No need to search for a bag of silver to hang upon the  
door

For the only thing that could atone forever was the  
blood and nothing more

Now many think that god will overlook their failures  
when he sees the deeds they do  
Being kind to friends and being good to neighbors they  
hope will get them through

But the kindest man is still a wayward sinner who  
needs to be restored  
And the only thing that will atone forever is the blood  
and nothing more

Bridge:

Some through the water, some through the flood,  
some through the fire,  
But all through the blood - the blood.

Chorus #2:

The blood, only through the blood sins are washed  
away, restoring us to god

The blood, through the blood alone can we approach  
the throne

Not by works we've done, it's only, only through the  
blood
