It's just the way you...  
Way that you're standing there  
Unaware  
So long I have had dreams  
Can't keep my eyes off you  
Off of you

Stand still I just want this moment with you  
You're so beautiful  
And I am lost here in your eyes (Those eyes)

To feel you here in my arms  
No place that I'd rather be  
Be than right here with you, next to me

Stand still I just want this moment with you  
You're so beautiful  
And I am lost here in your eyes (Those eyes)

If you could only see through my eyes  
You'd know I'd die for you (die for you)  
Right now nothing could take this, this moment

To taste your lips here on mine  
Your skin is so silky soft.  
Don't want to let you go  
Because you're mine

Stand still I just want this moment with you  
You're so beautiful  
And I am lost here in your eyes (Those eyes)

If you could only see through my eyes  
You'd know I'd die for you (die for you)  
Right now nothing could take this, this moment

(The thought)  
It's the thought of losing you  
Remind how much I am with you  
It's the thought of losing you  
And now were standing here  
I promise you.... Always

If you could only see through my eyes  
You'd know I'd die for you (die for you)  
Right now nothing could take this, this moment

If you could only see through my eyes  
You'd know I'd die for you (die for you)  
Right now nothing could take this, this moment
