I'm not surprised,
cause I always knew there's just something about you
that wasn't right.

I wouldn't wanna be you, you threw it all away (away)
It's too late
I don't feel sorry for you
'cause you thought the world revolved around you.

It's too late, although your dying out there [x2]
It's still too late although your dying out there

I'd watch my back if I were you,
cause when you play with fire, it catches you

I wouldn't wanna be you, you threw it all away (away)
It's too late
I wouldn't wanna be you
'cause you thought the world revolved around you.

It's too late, although your dying out there [x2]
It's still too late although your dying out there

You thought you had this covered up,
you never saw this coming now it's too late.

I wouldn't wanna be you, you threw it all away (away)

It's too late
[x2]
I don't feel sorry for you

you break it off its gone. you think you got away
just know the day will come you get it back
remember you brought it on yourself
you're such a low life and you'll pay just for it

I wouldn't wanna be you, you threw it all away (away)
It's too late
[x2]

I wouldn't wanna be you, you threw it all away (away)
It's too late
I don't feel sorry for you
'cause you thought the world revolved around you.

It's too late, although your dying out there
[fade to end of song]
