I'll wipe that smile right off of your face!  
You'll always be nothing except for a fake!  
I'll wipe that smile right off of your face!  
I'll carve you a new one with this shiny little blade!  
I'll wipe that smile right off of your face!  
You'll always be nothing except for a fake!  
Lets hope your not planning on running away from this!  
This is all part of it what you get for throwing us to the  
pack of wolves!  
You've got the devil inside of you!  
You put fire to everything that you touch and then you  
walk away while it burns!  
This is, this is the story of your life!  
She turned your heart to black or was it there all along!  
Thought we knew who you were we were wrong I hope  
that this always weighs you down!  
You've got the devil inside of you!  
Betrayal is only the, the beginning of this story!  
Betrayal is only the, the beginning of our story!  
You put fire to everything that you touch and then you  
walk away while it burns!  
This is, this is the story of your life!  
I'll wipe that smile right off of your face!  
You'll always be nothing except for a fake!  
Friends are friends for never...
