"If Words Could Say"

Visit "[If Words Could Say](#)" on MotoLyrics.com

Tossing and turning, I just can't sleep
Numb to the feelings surrounding me
Try to resist what i know i believe
Your still small voice is calling me.

I seem bent on destroying
All that you have given me.
As much as i fail, you're unchanging.
When i close the door, you're there knocking.

I hear your voice,
It's haunting me.
I try to escape,
You just won't leave.

And I know that you're there, waiting. (waiting)
And I know that you're there, waiting to bring me back.

How can I escape what I'm living in?
Looking for something to make sense again.
And then in the shadows i see your light.
It captures my heart, and brings me back.

I hear your voice,
It's haunting me.
I try to escape,
You just won't leave.

And I know that you're there, waiting. (waiting)
And I know that you're there, waiting to bring me back.

If words could say what you mean to me.(2x)
Words could say what you mean to me.(3x)
Words could say!

I hear your voice,
It's haunting me.
I try to escape,
You just won't leave.

And I know that you're there, waiting. (waiting)
And I know that you're there, waiting to bring me back.

Words could say what you mean to me.(3x)
Words could say!

I hear your voice,
It's haunting me.
I try to escape,
You just won't leave.

And I know that you're there, waiting. (waiting)
And I know that you're there, waiting to bring me back.

I hear your voice,
It's haunting me.
I try to escape,
You just won't leave.
