So many things that I, that I wish I would've said
if only she knew how much i feel for her now
So many things that I wish, if only she knew how much i
feel
it's too late. It's Too Late, you've taken her from me

Don't say a word (I'll take my time with you)
In honor of her

I can't get her picture out of my head
you say you didn't mean it
you say you're really sick

That means nothing to me, i want your life for hers.
you'll never get away with this
I want your life for hers

Come on and rape my spirit
just like you did to her
come on and rape my spirit
make me feel ugly

Don't say a word
you Murderer (I'll take my time with you)
in honor of her

This is a fantasy of mine: to avenge the death of my
love
it's all that i could want
it's all that i could ask for

you'll never get away with this
I want your life for hers

So many things that I, that I wish I would've said
if only she knew how much i feel for her now
So many things that I wish, if only she knew how much i
feel
it's too late. It's Too Late, you've taken her from me

Officer...

He should have known he had this coming
