Is this the end of all we know
Will we be left with nothing to call our own
Now it's up to us to defend
All that we know is truth and all that we know is right

Is this the end of all that we know
Will we be left with nothing, nothing to live for
When darkness closes in
Where do we find our strength

Will we survive this
And what's left of our innocence
When will our eyes open

The world sleeps in darkness now
Their hearts have turned so cold
Time's running out
Now it's up to us to defend
Us to defend our innocence
What's left, what's left

Is this the end of all that we know
Will we be left with nothing, nothing to live for
When darkness closes in
Where do we find our strength

Will we survive this
And what's left of our innocence
When will our eyes open

One day the world will see
What's missing in their lives
Are we ready to die for this
Are we ready to die for this

Is this the end of all that we know
Will we be left with nothing, nothing to live for
When darkness closes in
Where do we find our strength

Will we survive this
And what's left of our innocence

When will our eyes
When will our eyes open
