Do you feel the way I do?
I don't care, I'll have you either way

Tonight love, it's just for you and me
nobody watching us
are you scared?
tonight love, it's just you and me
no one protecting you
are you scared?
it's just you and me, girl.

Do you feel the way I do?
I guess not, we'll just have to proceed
as planned, I'll get what I came for

Tonight love, it's just for you and me
nobody watching us
are you scared?
tonight love, it's just you and me
no one protecting you
are you scared?
it's just you and me, girl.

So this is how it feels to be loved?
Yeah, you can't resist this, give it up to me.
What kind of world do we live in?
