I'm just gonna say it, I see right through that smile
You're not fooling anyone
Cause I've kept it quiet for far too long
I won't sit and watch you die
You're not fooling anyone.

It kills me to see this,
When I've known you my whole life and now
You look as if, you've already died
There's no cure for this disease, it's all up to you
Is life worth living? Are we worth loving?

I'm just gonna say it, I see right through that smile
You're not fooling anyone

We're torn apart, watching you throw yourself away
As if your life is worth nothing at all
As if you can't see it happening. you're so addicted
It consumes you, and it's killing you

I'm just gonna say it, I see right through that smile
You're not fooling anyone
Cause I've kept it quiet for far too long
I won't sit and watch you die
You're not fooling anyone.

You're not fooling anyone, except yourself
It's not too late, but it's up to you

Don't expect me to say goodbye.

Now is the time you decide if your life is worth living
Is this is how you want it to end? you're not fooling
anyone,
Except yourself

Don't expect me to say goodbye
I won't say goodbye
