It seems so hard to stay so positive
I know how it feels
It just takes time, something's gotta give

Don't let the negative
Steal the blue out of the sky
Don't leave it all behind

This is life, this is it
It's not everything you want
It's everything you get, believe it
It's not worth leaving

Yeah, this is life once again
It's been knockin' at your door
You ought to let it in, don't waste it
It's time you faced it

It seems like years
Since you've known happiness
So down so long

So calm your fears
And you'll get out of it
Just hang on

So this is life, this is it
It's not everything you want
It's everything you get, believe it
It's not worth leaving
Yeah, this is life once again
It's been knockin' at your door
You ought to let it in, don't waste it
It's time you faced it

Why do you cry? Why do you cry?
Steal the blue out of the sky
Don't leave it all behind, yeah

This is life once again
It's been knockin' at your door, don't waste it
It's time you faced it

This is life, this is it
It's not everything you want
It's everything you get, believe it
It's not worth leaving

Yeah, this is life once again
It's been knockin' at your door
You ought to let it in, don't waste it
It's time you faced it

This is life
This is life, ooh yeah
Don't let it pass you by, pass you by, yeah
It's time you faced it

It's time to turn around
And face it
