Living in a hole on a couch
With plastic cameras on the wall
I said fragile you gotta care with handle

Could it be is it me
A twisted childhood memory
You gotta let my baby
I want to feel my way
You gotta look around
I want you to feel my way

Jesus came to me do I really know
Mr. christ can he fly now will he die
Only the dogs will know only I can see below

Could it be is it me
A twisted childhood memory
You gotta let my baby
I want you to feel my way
You gotta look around
I want you to feel my way

Goddamn mother what you want from me

I want you to pull my blood
You got to look around
I want you high to the sky now

Visions of a satelite deep in space
My alien is my religion
Well I hope to see
The mothership down on me

Could it be is it me
A twisted childhood memory
You gotta let my baby
I want you to feel my way
You gotta look around
I want you to feel my way

Goddamn mother what you get for me
I want you to pull my blood

You got to look around
I want you high to the sky now
