Verse 1

Close only counts in horseshoes and hand grenades
There ain't no second place; in Lambeau, it's a whole
new game
You either go big, go hard, or go on back home
You gotta feel it in your gut; you better want it in your
bones

Chorus

'Cause you're runnin' with the big dogs now
The bright lights are shinin'; hear the roar of the crowd
This is what the sweat and pain was all about
So get up, 'cause your runnin' with the big dogs now

Verse 2

You sacrificed it all for a dream no one else could see
And they said you'd never make it; well, I guess now
they believe
Leave your mark, lay em' flat, leave it all on the
field □ This ain't a game anymore; this is the real deal
Chorus

Bridge

This is your time, you're in the eye of the storm
This is where dreams die, and this is where legends
are born

Chorus (x2)
