Chorus

Somebody's gotta get crazy; somebody's gotta go nuts
Someone's gotta show some Packer pride, and it might
as well be us

Somebody's gotta go the extra mile; someone's gotta
have guts

Somebody's gotta get a little bit wild, and it might as
well be us

Verse 1

Welcome to the G-Force; we're all a certain kind
We're not afraid to lose control or maybe lose our mind
We can all make a difference, raise the flag and play
some ball

We just want it more than the other teams do when
we're ready for a brawl

Bridge

We're the G-Force; yeah, we use our outside voice
We're the G-Force; it's a duty not a choice

Chorus

Verse 2

Someday when you're ready, if you think you've got
the guts

It's time to be a real fan and be like one of us

Put on your team colors, and we'll show you how it's
done

The first thing to do is raise your voice and shout until
it's gone

Bridge

Chorus

Yeah, the G-Force has the guts
And it might as well be us
