I don't wanna go back home
I don't wanna kiss goodnight
Let us paralyze this moment til it dies

To the end of the earth
Under the Valley of the Stars
There's a car crashing deep inside my heart

Take a ride through the avenues
Across the Great Divide
There's a siren screaming "I'm alive"
It cries

Red alert is the color
Of your paper valentines
Intertwined on this moment passing by

Take a ride through the avenues
Across the Great Divide
There's a siren screaming "I'm alive"
It cries

Red alert is the color
Of your paper valentines
Intertwined on this moment passing by

So come away
With me tonight
With cigarettes and valentines

Cigarettes and valentines

So come away
With me tonight
With cigarettes and valentines

So come away
With me tonight
With cigarettes and valentines

Cigarettes and valentines
