Every time I'm fallin' down  
You take the repercussions  
Headaches and anxiety  
Advancing my frustrations

Rushing's of my depression  
Sacrifice everythin'  
Waste with me into nothin'  
Well now you're stuck with me  
Stuck with me  
Stuck with me

Oh, hand up your soul to my wrist  
And I'll vow my trust to you  
Movin' here I always thought  
I realized you've imagined

Rushing's of my depression  
Sacrifice everythin'  
Waste with me into nothin'  
Well now you're stuck with me  
Stuck with me  
Stuck with me

Rushing's of my depression  
Sacrifice everythin'  
Waste with me into nothin'  
Well now you're stuck with me  
Stuck with me  
Stuck with me
