She is my drama queen  
She is so wild and reckless  
There goes my drama queen  
She dangles from her necklace

Daddy's little bundle of joy  
Out of a magazine  
There goes my drama queen  
She's old enough to bleed now

There goes my drama queen  
Her life is now unfolding  
There goes my drama queen  
What do you think she's holding?

There goes my drama queen  
Or did she find her savior?  
There goes my drama queen  
You better call a lawyer

Daddy's little bundle of joy  
Out of a magazine  
There goes my drama queen  
She's old enough to bleed now  
She's old enough to bleed now  
She's old enough to bleed now
