Something's on my mind.  
It's been for quite some time.  
This time I'm on to you.  
So where's the other face?  
The face I heard before?  
Your head trip's boring me.

Let's nuke the bridge we torched 2,000 times before.  
This time we'll blast it all to hell.  
I've had this burning in my guts now for so long.  
My belly's aching now to say

Stuck down in a rut  
Of dislogic and smut.  
A side of you well hid.  
When it's all said and done.  
It's real and it's been fun.  
But was it all real fun?

Let's nuke the bridge we torched 2,000 times before.  
This time we'll blast it all to hell.  
I've had this burning in my guts now for so long.  
My belly's aching now to say

You're just...a fuck.  
I can't explain it 'cause I think you suck.  
I'm taking pride,  
In telling you to Fuck Off and Die.

I've had this burning in my guts now for so long.  
My belly's aching now to sing.  
I'm taking pleasure in passing these doubts to you,  
So listen up 'cause you might miss...

You're just...a fuck.  
I can't explain it 'cause I think you suck.  
I'm taking pride,  
In telling you to Fuck Off and Die.

Good niiiiight...

(Long pause, then goes to bonus track.)

## All By Myself

I was alone  
I was all by myself  
No one was looking...  
I was thinking of you  
And did I mention...  
I was all by myself

All by myself (x3)

I went to your house  
But no one was there  
And I went in your room  
I was all by myself

I remember we had  
Such wonderful times  
When I'm all by myself  
All by myself

(End)
