Another turning point, a fork stuck in the road  
Time grabs you by the wrist, directs you where to go  
So make the best of this test and don't ask why  
It's not a question but a lesson learned in time

It's something unpredictable but in the end is right  
I hope you had the time of your life

So take the photographs and still frames in your mind  
Hang it on a shelf in good health and good time  
Tattoos of memories and dead skin on trial  
For what it's worth, it was worth all the while

It's something unpredictable but in the end is right  
I hope you had the time of your life

It's something unpredictable but in the end is right  
I hope you had the time of your life

It's something unpredictable but in the end is right  
I hope you had the time of your life
