"I See The Light"

I crossed the river
Fell into the see
Where the non-believers
Go beyond belief
Then I scratched the surface
In the mouth of Hell
Running out of service
In the blood I fell

I just want to see the light
I don't want to lose my sight
I just want to see the light
I need to know what's worth the fight

I've been wasted
Pills and alcohol
I've been chasing
Down the pool halls
Then I drank the water
From a hurricane
And I set a fire
Just to see the flame

I just want to see the light
I don't want to lose my sight
I just want to see the light
I need to know what's worth the fight

I crossed the desert
Reaching higher ground
Then I pound the pavement
To take the liars down
But it's gone forever
But never too late
Where the ever after
It's the hands of fate

I just want to see the light
I don't want to lose my sight
I just want to see the light
I need to know what's worth the fight
