Hey got yourself a pretty little mouth
I think I wanna rub it the wrong way
Do you wind up in the corner playing a game of
chicken?
Well, I'm just gonna kiss you till your lips are bleeding

Anyhow
Anywhere
Kiss me there, oh kiss me there
Scream and shout
truth or dare
Kiss me there

Hey you're so precious I'm a fucking delinquent
I got myself something and i need some fixing
It's a make out party in another dimension
And it's gonna get crowded with some bad intentions

Anyhow
Anywhere
Kiss me there, oh kiss me there
Scream and shout
Truth or dare
Kiss me there, oh kiss me there
