Taking a ride to my old haunts
She's in my blood
I reside in my nightlife
My favorite color is candy apple, girl
And she resides in my mind
Of my nightlife.

What's that I hear?
You want to go for a ride?
Well, don't be afraid boy
To come inside
I got that thing that you want
The fix that you need
Chase this with a little lust and greed
I'll be the devil on your shoulder saying
"Hey boy, come over"
My black heart beats crimson and clover
So operator, operator patch my boy in
This is nightlife
I'll get under your skin.

Taking a ride to my old haunts
She's in my blood
I reside in my nightlife
My favorite color is candy apple, girl
And she resides in my mind
Of my nightlife.

Short of breath
Heart beats fast
Sounds like love
But you know it won't last
Cheap champagne stain
On an even cheaper suit
Hope there's more in your pants
Than a bus route
Red velvet halls
Line these sugar-coated walls
Girls hang on bar stools for late last calls
This town is full of snakes
Mistakes and whiskey shakes
It's too late

I already cut the brakes

Well I am rolling
Strolling into town (Come inside)
Is it me or am I going crazy? (It's just you)
This dirty city is my sugar town (Sugar town)
My little angel of death
Is my nightlife.

Come inside
It's just you
Sugar town

Gonna make a move
Before I get bored
If you want to explore my vocal chord
Baby girl coco dancing the cooch
One hand on my knee one hand on the hooch
Why don't you stick around
For one more round?
This place is a circus
And I know you'll be my clown
Cause' I'm a ringleader
I run the show
And only when I tell ya
Will it be time to go.

Taking a ride to my old haunts
She's in my blood
I reside in my nightlife
My favorite color is candy apple, girl
And she resides in my mind
Of my nightlife.

Hey boy

She is my nightlife

Hey boy

She is my nightlife

Hey boy

She is my nightlife

See
You
Later

She is my nightlife.
