I fell asleep
While watching Spike TV
After 10 cups of coffee
And you're still not here

Dreaming of a song
But something went wrong
And you can't tell anyone
Cuz no one's here

Left me here alone
When I should have stayed home
After 10 cups of coffee
I'm thinking

WHERE'D YOU GO?

Nobody likes you
Everyone left you (where'd you go?)
They're all out without you
Having fun (where'd you go?)

Everyone left you
Nobody likes you (where'd you go?)
They're all out without you
Having fun

Where'd you go?
