Here we go again  
Infatuation touches me just when  
I thought that it would end  
Oh but then again it seems  
Much more than that but  
I'm not sure exactly what you're thinking

Well I toss and turn all night  
Thinking of your ways of affection  
But to find that it's not different at all  
Well I throw away my past mistakes  
And contemplate my future  
That's when I say...  
What a day!

Would I last forever?  
You and I together, hand and hand  
We run away (far away)  
I'm in for nasty weather  
But I'll take whatever you can  
Give that comes my way, yeah (far away)
