[Drag-On]

Uh, come on

Uh, uh, uh, come on

Come on, come on

When Drag finger foreman

I don't ever wanna get off

Skip three, count to ten

Ref. Griffin step to him

Y'all know how the riders ride

We always disqualified

I'mma a total savage

Like Lex Luger, you'll get the total package

Straight power bomb like Kevin Nash and Sid Vicious

Small like Ray Mysterious put y'all in big ditches

Boy missing, it's that boy Drag from the kitchen

Slap your man hand, get an equal ass whipping

Roll like Wolf Pack, toss men like Four Horsemen

And y'all can meet Drag in the middle of the ring

Y'all can bang like I'm in the ping

Before y'all hear the ding

I bring the things that'll make ya sweat

Make the blood sting

You can be a big wrestler still I pimpin' ya

The call me 'The Crippler' leglock will cripple ya

Cause I don't care who's the tallest

My body slam's flawless

Then run for governor like Jesse "The Body" Ventura

[Jadakiss]

Yo, yo, yo, yo, yo

Jadakiss baby throw plenty of blows

Cause the Ryders roll thick like N.W.O.

Everybody wanna shine until they get Steiner lined

Show vital signs, pinned till three

Yo ain't leave with the belt, then you ain't win to me

Cause I'm the heavy weight champ I'll give you a title shot

You better bring your - cause I always win the match

Run up in your dressing room chair to your head

Then I choke slam your manager and leave with the bread

Don't matter what the price is I'm copping the -  
I hop off the top rope and chop you in the throat  
Come through like Sting all black with a bat  
Then I drop you like Goldberg right on your back  
You know styling and profiling like Ric Flair dressed me  
Sort of like Kipman, all the chicks think I'm sexy  
Ruff Ryders, WCW, you wanna test me

[All]

No matter how it go down  
I'm putting you under  
Whether it's Monday Night Nitro  
Or Thursday Night Thunder  
A Pay Per View event where everybody get bent  
I'm trying to knock your ass out  
And make sure your pinned  
No matter how it go down  
I'm putting you under  
Whether it's Monday Night Nitro  
Or Thursday Night Thunder  
A Pay Per View event where everybody get bent  
I'm trying to knock your ass out  
And make sure your pinned

[Eve]

This chick known for body slamming  
Spines I split in half  
Think this one here's a joke  
I'm gon lay back and let your laugh  
Till I put you in the sleeper  
Dead to the world  
A three count ain't gon save you  
From the power of this girl  
Leg drop from the top to your throat  
Now how you feel?  
Figure four to end it all  
And people thinking this ain't real  
The belt is mine and I'm gon keep it that way  
Cause I'm the champ  
Blondy kill 'em, Blondy kill 'em, yo  
You hear the voices chant  
My dogs walk me out to the ring  
And pile around  
Give me a minute till it's over  
Tag teams you're going down  
I'm feared like Miss Elizabeth  
She's wrecking all  
Cowards better stay away  
Cause I ain't scared of none of y'all  
Calling anybody out that think they ready for this fight  
Clothes line just to set it off

You better say goodnight and say your prayers  
Cause believe you ain't gon walk away smiling  
Ruff Ryders, WCW, we stay wiling

[Styles]

I'm like Diamond Dallas Page  
Guaranteed to leave you screaming  
Cause you talk too much  
Like you Bobby "The Brain" Heenan  
You probably match out  
Like I'm buff like Bagwell  
Red shoe like The Cat give me your heart  
I do damage like I'm managed by Jimmy The Hart  
Somebody tell Mean Gean go and talk to Benero  
I'mma always be around like fast Eddie Gabero  
Rap off wrestling, call me the colonel  
I'mma make you dance around like you Disco Inferno  
I'mma do the Ruff Ryder till I rock your world  
Then I'm leaving out the building with the Nitro girls  
Bald headed with tattoos just like I'm Saturn  
So watch when you talk I'm stronger than Scott Noan  
I'mma always make my ending perfect like Curt  
Henning  
I'mma always start trouble too, WCW  
SP, heavy weight champ, who the - are you?

[All]
