my heart is beating from me  
i am standing all alone

please call me only if you are coming home  
waste another yea flies by waste a night or 2

you taught me how to live

in the the streets of shame where you lost your dreams  
in the rain there's no sign of hope  
the stems and seeds are the last of the dope  
there's a glow of light the st. jimmy is the spark in the  
night

bearing gifts and trust the fixture in the city of lust what  
the hell's your name whats your pleasure what is your  
pain do you dream to much do you think what you need  
is a crutch

in the crown of pain st. jimmy comes without any  
shame hes says were fucked up but we're not the same  
and mom and dad are the ones you can blame JIMMY  
DIED TODAY he blew his brains out in to the bay in the  
state of mind in my own private suicide.
