Can you hear the sound of the static noise?  
Blasting out in stereo  
Cater to the class and the paranoid  
Music to my nervous system  
Advertising love and religion  
Murder on the airwaves  
Slogans on the brink of corruption  
Visions of blasphemy, war and peace  
oooh,  
Screaming at you

I can't see a thing in the video  
I can't hear a sound on the radio  
In stereo in the static age

Billboard on the rise in the dawn's landscape  
Working your insanity  
Tragic a'la madness and concrete  
Coca-Cola execution  
Conscience on a cross and  
Your hearts in a vice  
Squeezing out your state of mind  
Are what you own that you cannot buy  
What a fucking tragedy, strategy  
oooh,  
Screaming at you.

I can't see a thing in the video  
I can't hear a sound on the radio  
In stereo in the static age

I can't see a thing in the video  
I can't hear a sound on the radio  
In stereo in the static age  
Hey hey, it's the static age  
well This is how the west was won  
Hey hey, it's the static age millennium

All I want to know  
Is a god-damned thing  
Not what's in the medicine  
All I want to do is

I want to breathe  
Batteries are not included  
What's the latest way that a man can die  
Screaming hallelujah?  
Singing out "the dawn's early light"  
The silence of the rotten, forgotten  
oooh,  
Screaming at you.

I can't see a thing in the video  
I can't hear a sound on the radio  
In stereo in the static age

I can't see a thing in the video  
I can't hear a sound on the radio  
In stereo in the static age

I can't see a thing in the video(woah)  
I can't hear a sound on the radio(woah)  
In stereo in the static age

I can't see a thing in the video(woah)  
I can't hear a sound on the radio(woah)  
In stereo in the static age  
The static age
