

Green Jelly "Common God"

Visit "[Common God](#)" on MotoLyrics.com

Hey what strange color is this?
Makes me want to dismiss
All the things that I am.
Nothing makes me glad

Hey do you think I love them?
Watch the state that I'm in
Can you see where I've been
Locked inside again

No you can't see me no (4x)

Hey tell me where do I go
Is it time for the show
I'll just go with the flow
And turn into a crow
Please let me sit on my throne

Let me sit on my throne (3x)

No you can't see me (8x)

Walking and talking
Just like a common god (8x)
