So you wanna go on the road?
Wanna see my love to unfold?
You must be young and you must be bold
On your knees and do what you're told

You pull the trigger of my loaded gun
Then you'll see we'll be havin' some fun
So meet me by the backstage door
If it's good then let's go for

The electric
Harley house of love
Electric
Harley house of love
Electric
Harley house of love
Electric
Harley house of love

Gone all day then I loathe with mine
I'll give you time for your head to unwind
Can you sleep, it's my head to the floor
Spin around and look out for some more

Can you see I'm allowed to say, "Ill"?
Wanna taste the blood of your kill?
So reach out and take my hand
We'll be off to never never land in

The electric
Harley house of love
Electric
Harley house of love
Electric
Harley house of love
Electric
Harley house of love
Come on, boys

I know, you think it's Metallica
Well, if it is, my name is Jah
Would you think we'd rip it off?

I think we did, bend over and cough

So they say it's the sound a toms
When the band's called something wrong
It did not happen all the time
I think we got, we're never bound in

The electric
Harley house of love
Electric
Harley house of love
Electric
Harley house of love
Electric
Harley house of love

Of love
Of love
Of love
Yeah
