When clouds of iron gather nigh  
Blackening the winter sky  
Storms gather fury from the lake  
Best hurry home and refuge take  
For soon the worst will come to pass  
And ice will turn your routes to glass  
While in the north the beast awakens  
From his year long slumber taken  
His howl the fury of the gales  
With deadly curves that rarely fail  
To send your autos into flight  
Through blizzard's curtain blinding white  
See driving skills you lack with the  
Flight of the Skajaquada

### 11. GREEN JELLY THEME SONG

Got nothin' to do  
On a Friday night  
Green jello sucks  
Ain't got no talent  
But that's all right  
Green jello sucks  
We're the worst  
The worst in the land  
Green jello sucks

But come on  
Gotta give us a hand  
Green jello sucks  
Iggy  
And Gerdy  
They're both good names  
Green jello sucks  
Maynard  
And Poopy  
They're both insane  
Green jello sucks  
But when life  
Is just a game  
Who's to blame?  
Green jello sucks  
Green jello

Green jello sucks  
Yeah, that's right, we're it  
(Green jello sucks)  
We're the world's economic problems, you can blame it  
all on us  
(Green jello sucks)  
It's our fault  
(God, green jello sucks)  
(x2) Hello, jello, green jello  
(Green jello sucks) (x2)  
Hello, jello, green jello (x3)  
Green jello (x2)  
Jello for the future (x3)  
Jello for your future  
And scream  
Green  
Green jello sucks  
Green Jello sucks (x2)  
Huh
