Touch my hand
Does it feel strange to you
Somehow I'd like to know
If you're my friend
Why'd you stay inside your shell
Take a look outside yourself

Just tell me what you see
Does it still look like me
Can't find a way to rise again

Find the shade
Flood it with your golden eyes
Before it turns you blind
Not too late
Try to make amends inside
Try to open up your mind

My body hits the dirt
Too late to find a cure
Can't find a way to rise again

Jesus help me
I'm falling, I'm falling down
Jesus help me
I'm falling, I'm falling down

My thoughts are scattered on the ground
My hope is nowhere to be found
I try to hide behind the sun
But where's the new horizon
My eyes are burning through my hand
I try so hard to understand
Why I was left behind

Jesus help me,
I'm falling, I'm falling down
Jesus help me,
I'm falling, I'm falling down
Don't be afraid my friend
I'll take you to the end

Jesus help me,
I'm falling, I'm falling down
