Our loneliness is coming so let's give us a try  
Who wouldn't try?  
If we're our only witness then we owe us a lie  
Who wouldn't lie?  
Tossing a coin  
Chances are you won't love that boy  
There's time to invest  
You've locked your heart in some secret chest

I'll never find love  
I find it hard to sleep  
When words alone can't keep me  
Happy in love

Our loneliness is coming so let's give us a try  
Who wouldn't try?  
And time is fighting love but then we gave it that right  
Who isn't right?

I've got my eye on you, baby

Tossing a coin  
Chances are you won't love that boy
