You've got it bad and I've said it before
I've seen it before you
and you're so mad
the way that you love me could only be for me

tell me all about it oh when I'm down
tell me all about it oh when I'm down

you've got a kind of nerve in the sense that I couldn't
replace you
a stranger's heart would only reserve you a place to
come back to

tell me all about it oh when I'm down
tell me all about it oh when I'm down

take a hit, take a swing, you're the one that I love
let it all balance out i'm the one you need
let it go take it slow you're the one i want
oh oh oh

you've got a way of making me feel
you're holding my heart still
and you could say i'm willing to bet
that i've got my mind set

tell me all about it oh when i'm down
tell me all about it oh when i'm down

take a hit, take a swing, you're the one that I love
let it all balance out i'm the one you need
let it go take it slow you're the one i want
woah oh oh
oh oh ohhh

forget the close calls
don't bring yourself into this
you should know better by now

you oughta know
you oughta know

the way to keep my heart is keeping up

take a hit take a swing you're the one I love

let it all balance out i'm the one you need

let it go take it slow you're the one i want

oh oh oh

oh oh oh
