Slow down, I wouldn't put it past her.
One lie is not enough to last her.
I know you're everything you could be.
It's gone for good.

Her rain will storm out on your thunder.
She'll flood, you'll help him pull you under.
I know you're everything you could be.
That's why it's gone for good.

One day come over to my place.
I'll make it a fair race.
I'll pave you a one way to my heart.

Speak up, the truth is in the story.
She has the floor and wants the glory.
She'll spill her heart until you notice
that it's gone for good.

Her storm is stealin' all your thunder.
Her game is leavin' you to wonder.
I know you're everything you should be.
That's why she's gone for good.

One day come over to my place.
I'll make it a fair race.
I'll pave you a one way to my heart.
