-Disinfection- cleansing the earth- ecotage-a rebirth- a violent reaction is whats in store- to relinquish the evil that i bring- the rapid destruction of our forest for grazing land- against the tools of destruction- is where we will take our stand- depletion of our resources- black death injected into the sky- losing our right to breath- being sentence to die- the earth is choking our sins- complacency has no place- we must end these thoughts of superiority- that plague the human race- crazed by total destruction- mother earth is not our whore- the indignities forced upon her- we can no longer- no longer ignore- disinfection- cleansing of the earth- ecotage- a rebirth- a violent reaction is whats in store- to relinquish the evil that i bring- something must be done- about this intolerable situation- encircled by disaster- heading towards annihilation- our rage is a disinfect- to cleanse the evil that rapes the land- all this global devastation- cleansing the earth- ecotage- a rebirth- a violent is whats in store- to relinquish the evil that i harbor- something must be done- about this intolerable situation- encircled by disaster- heading towards annihilation- our rage is a disinfect- to cleanse this evil that rapes this land- all this global devastation- we must reprimand- attack the mechanical monster that destroy all in their path- make them feel our vengeance- make them feel- the ecorage
