Ow!
Crawling through darkway streets
10,000 things chasing me
I could've screamed, I could've died
But nothing was happening right
Happening right
Looking for sleep to clear my head
10,000 things movin' under my bed
I never felt it so strong before
10,000 whole things
Maybe more
Ow! Ooh!
Twist and shout, twist and squirm
10,000 things playing with one worm
Twist and shit, twist and squirm
10,000 things playing with one worm
Saying burn baby burn
And all that you've learned
They gotta hook in you, a hook in me
Together we're fishing for misery
Ow! Oh!
10,000 things crawling out my arm
Mother says they'll do no harm
I've seen what they done to mom
